Hi!

Thank you for being part of the Growing Up Today Study (GUTS)! Since many things in your life are probably changing pretty quickly as you grow, we would like to update the information you gave us in the last two years. This year's questionnaire may look a little different from the others. We've shortened some questions and added others, so that we can get a good picture of what you think and do. Please complete the enclosed questionnaire, and send it back to us in the attached envelope.

The things that you tell us will not be told to anyone, not even your parents. So please be honest as you answer the questions. We really want to know about you.

Remember, there are no right or wrong answers, and you do not have to answer any questions that you do not want to. But please complete the questionnaire because it helps us learn what kids are like today.

Thank you again for being part of GUTS. Your help is important to us. If you have any questions, please call Helaine Rockett collect at (617) 525-2279, 8 a.m. to 4 p.m. Eastern time.

Thanks very much!

Sincerely,

Graham A. Colditz, MD, DrPH
Principal Investigator

Do we have your correct address and name?

Make any necessary changes and return this page with your completed booklet.

P.S. *We'd really like to find out more about what you think and do. Please fill out the booklet as soon as possible. And remember, we won't share your answers with anyone, so please be really honest!*

INSTRUCTIONS

Please use an ordinary No. 2 pencil to answer all questions. Fill in the circles completely. There are no right or wrong answers. We just want to know what you do and think. The questions will be read by a machine so if you need to change your answer, erase the incorrect mark **completely**. If you have comments, please write them on the last page of the booklet.
