## HARVARD SCHOOL OF PUBLIC HEALTH

## INSTRUGTIONS

Please use an ordinary No. 2 pencil to answer all questions. Fill in the circles completely. There are no right or wrong answers. We just want to know what you do and think. The questions will be read by a machine so if you need to change your answer, erase the incorrect mark completely. If you have comments, please write them on the last page of the booklet.

## EXAMPLE 1:

Write your weight in the boxes and fill in the circle below the number at the top of each column. Please fill in the circle.
Do not mark this way: $\checkmark \times \bullet$ •
NOTE: It is important that you write in your weight and fill in the circles. That way we can check that the correct circles have been filled in.

## EXAMPLE 2:

Think about your usual snacks. How often do you eat each type of snack food.
For example, if you eat poptarts rarely (about 6 per year) then your answer should look like this:

E2. Poptarts (1)

- Never/less than 1 per month 1-3 per month 1-6 per week 1 or more per day

## Federal research regulations require us to include the following information:

There are no direct benefits to you from participation in this study. There is a very small risk of breach of confidentiality associated with the participation in this study. Your choice to participate in this study is completely voluntary and you may decline or withdraw at any time without penalty. You may skip any questions you do not wish to answer. You will not receive any monetary compensation for participating. If you have any questions regarding your rights as a research participant, you are encouraged to call a representative of the Human Research Committee at Brigham and Women's Hospital at (617) 525-3170.

## 1. Is this your correct Date of Birth

(Month/Day/Year):
Yes
MONTH $/$ DAY $\quad$ YEAR
2. How tall are you?

DIRECTIONS: Measure your height in feet and inches. This is tricky to do by yourself so we suggest asking someone to help. Some hints to get the correct height:

- Stand up straight against a wall with your feet flat on the floor without shoes or hats.
- Measure from your feet to the top of your head (not the top of your hair).

It is very important you tell us about yourself honestly.
Please read the following example before answering the activity questions. EXAMPLE:
If you were on a swim team during the winter that practiced 4 hours a week and had one meet each week and during the summer you swam with friends once a week, then your answer would look like this . . .
